Vitalure™ G1 40

Food Easy Open Ends

Internal Gold

AkzoNobel 

Vitalure™ G1 40 Food Easy Open Ends Internal Gold

Our Vitalure™ G1 40 and 41 internal coating for Easy Open Ends provides our customers with a unique portfolio of BPAni (Non Intend) coating, offering high production efficiency and performance for a broad range of food packs while meeting the growing demand for BPAni coatings.

Vitalure™ G1 40 and 41 range of solvent-borne coatings have been formulated for use on the internal side of Tin Free Steel (TFS) and Electrolytic Tinplate (ETP) for Food Easy Open Ends. After many years of development, our highly skilled chemists have been able to develop 2 different systems which can cover any kind of food from acidic to sulphuretic packs.

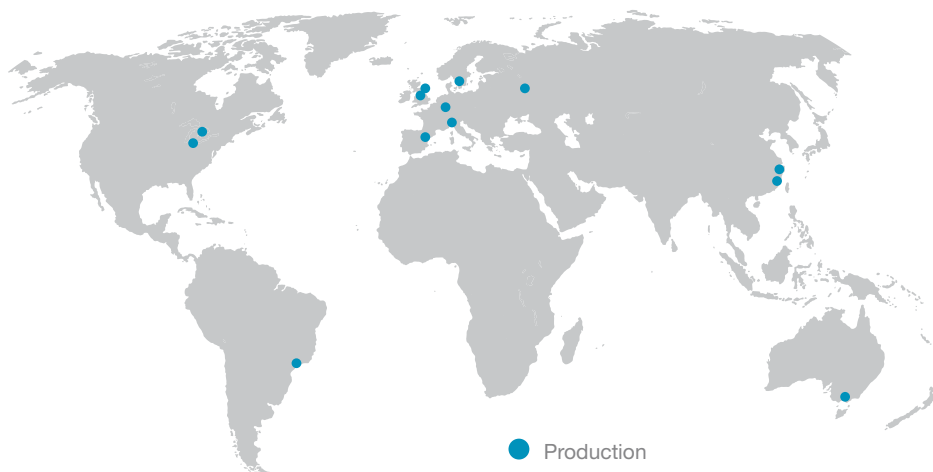

The Vitalure™ G1 40 and 41 are largely used by the world's largest Easy open Ends producers and have a proven track record in term of technical robustness and shelf life.
